## PLEASE READ THIS PAGE THOROUGHLY BEFORE REQUESTING A SCHEDULE CHANGE

D D C	ā .·	

Dear Parent of Section:

Re: Course Selection Process: Step 3 – Student Schedule for 2013-2014 and Schedule Change (if applicable)

Your child's next year schedule at Advancement has been drafted by considering the current grades, teacher and counselor recommendation, optimum class size, and STAAR results for  $8^{th}$  and  $9^{th}$  grade or PSAT/SAT results for upper grades:

M-W 1<sup>st</sup> Block:
M-W 2<sup>nd</sup> Block:
M-W 3<sup>rd</sup> Block:
M-W 3<sup>rd</sup> Block:
T-TH 3<sup>rd</sup> Block:
T-TH 3<sup>rd</sup> Block:
T-TH 4<sup>th</sup> Block:

- If you receive a BLANK schedule, it means **your course selection form is not received!** If you plan to enroll Advancement campus in 2013-2014, please check with your counselor or assistant principal as soon as possible.
- Students take 4 blocks of 85-minute classes in each day. Monday and Wednesday (MW) follow the same schedule; Tuesday and Thursday (TTH) follow their separate schedule. Logging into the student/parent portal will show MW schedule on Fridays, however, the actual schedule will alternate every week between MW and TTH.
- Students must seek the graduation requirements before requesting a change. Language and local credits must not be changed to an elective.
- In general, one or two AP courses are permissible in 9<sup>th</sup> and 10<sup>th</sup> grade whereas three or four AP courses may be allowed in 11<sup>th</sup> and 12<sup>th</sup> grade. Counselors **may honor** extra AP courses if students have a teacher recommendation **as well as** either at least 4.00 weighted GPA or a score of 4 and above on attempted AP tests taken previously.
- Advanced Placement (AP) Summer Assignments will be posted before school ends. Students will be tested from the summer assignments in the 1<sup>st</sup> week of school. Please review entrance/removal guidelines in the course selection guide.
- Students taking AP Government must take and complete Economics, Microeconomics or Macroeconomics to fulfill the graduation requirement by December 20, 2013.
- Juniors and seniors may leave the campus during Dual Credit blocks if they register at Lonestar College. Students
  may take up to 2 college level courses at Lonestar or an online dual credit program. Students will be in the
  Computer Lab to finish their assignments if they enroll in online classes. To learn the benefits of Dual Credit and
  AP program, please review the course selection guide at <a href="https://www.hsadvancement.org/Documents/CSG2013.2014.pdf">www.hsadvancement.org/Documents/CSG2013.2014.pdf</a>
- If the student is satisfied with the schedule, no action is needed. If a student wants to request a change, the change request must be made by Wednesday, May 15. All requests will be finalized and notified by Friday, May 24. After this date, no schedule change request will be accepted until the 3<sup>rd</sup> week of the school.
- Should you have any questions or comments, please email Mr. Ermek (9<sup>th</sup> grade and 10<sup>th</sup> grade counselor Ext. 305) at <a href="mailto:edjunushev@harmonytx.org">edjunushev@harmonytx.org</a>, Mr. Kazanci (11<sup>th</sup> grade counselor Ext. 305) at <a href="mailto:akazanci@harmonytx.org">akazanci@harmonytx.org</a> or Mr. Orsun (Assistant Principal for College Guidance and Counseling Ext. 318) at <a href="mailto:eorsun@harmonytx.org">eorsun@harmonytx.org</a>
- We encourage our students and parents to learn more about college guidance and counseling. Our website has all required information you might be seeking at www.hsadvancement.org/academics/advancement.htm
- Academics will not be moved to accommodate electives: All students must take **four core subjects** each year at a high school level at Advancement. The student has at least A or B AND teacher recommendation in order to advance in PRE-AP. Due to priority of Senior and Junior students' course selection, **not all requests can be fulfilled.** Schedule changes imbalance class sizes and can disrupt the class environment (for example, group projects). Therefore, schedule changes will be made only if they meet the following <u>CRITERIA</u>:
  - 1 The student has already successfully completed the course, for example, in summer school.
  - 2 There is a duplicate course on the schedule.
  - 3 The cours is needed to fulfill a graduation requirement.
  - 4 The student has been placed in an incorrect level of the course.
  - The student is scheduled incorrectly as a result of inadequate or erroneous information.

Complete the following for the	course(s) y	ou wish to <i>DROP</i> :	Complete the following for the	e course(s	) you wish to <u>ADD:</u>
Course Name	Period	Reason (1-5 from above)	Course Name	Period	Reason (1-5 from above)

THIS FORM MUST BE COMPLET	ED NEATL	Y INCLUDING A PARENT SIGNATURE. ALL FORMS MUST BE RETURNED TO COUNSELORS.
Parent's Name and Signature _		Date
Counselor's Name and Signatu	re	Date
Schedule Request: Approved	Denied:	Does not meet criteria listed above. Comments:
